

Kenwood Excelon KDC-X794

General features:

- CD player with built-in MOSFET amplifier (22 watts RMS/50 peak x 4 channels)
- plays CDs, CD-Rs, and CD-RW discs, including discs loaded with MP3, WMA, and AAC files
- fold-down, detachable face with 5-line LCD display
- remote control

Audio features:

- Sound Excellence DSP (5-band equalizer, iPod EQ, Highway Sound, time alignment, Digital E's crossover)
- high-pass filters (speaker and preamp outputs), low-pass filter (sub preamp output)
- speaker settings that let you tailor the sound to the size and location of speakers in your car

Expandability:

- iPod direct control via USB input — no adapter necessary, but adding Kenwood's optional [connection cable](#) lets you leave your iPod cable at home
- compatible with Kenwood's Bluetooth adapter, satellite radio, CD changer, and HD Radio™ tuner
- inputs: rear USB and auxiliary inputs
- outputs: 6-channel preamp outputs (4-volt front, rear, subwoofer)

Other features and specs:

- compatible with most factory steering wheel audio controls ([adapter](#) required)
- warranty: 2 years
